NEW INFOGRAPHIC SETS

**13**

STANDARDS COVERED

### WHAT'S BETTER IN THIS VERSION

#### Precisely Calibrated for Grade 7

Every lesson reflects exactly what 7th graders should know per NGSS and Arizona science standards. Language, vocabulary, and concepts are purposefully scoped to this grade level.

All 30 lessons · All 6 units

#### Visuals That Teach

Images and infographics across all six units built to directly reinforce what students are learning. New diagrams in Units 1, 2, 4, and 5 bring energy flow, matter cycling, and climate patterns to life.

New infographics in 4 units

#### Assessments Built for Precision

Every assessment question refined to measure exactly what was taught. Clear, targeted items give teachers and families an accurate picture of what students have mastered.

All 30 lessons refined

### SHOULD YOUR SCHOOL TAKE THIS UPDATE?

#### ✓ TAKE IT IF...

- ✓ You're starting a new term or semester — cleanest transition for students
- ✓ This course hasn't been deployed yet — students start on the best available version
- ✓ You want full NGSS and Arizona standards alignment from day one
- ✓ Your teachers want a richer, more visually engaging science experience

#### — CONSIDER WAITING IF...

- Students are actively enrolled mid-semester
- Your school has made significant Canvas customizations to this course
- You prefer to hold until the start of the next school year
- Your CSM will help you assess the right timing for your school

### WHAT THIS MEANS

#### STUDENTS

A more engaging science experience — content, visuals, and practice activities built precisely for 7th grade learners.

#### TEACHERS

Same 6-unit, 30-lesson structure with stronger visuals, clearer assessments, and more engaging entry points for every lesson.

#### YOUR SCHOOL

Full confidence that your science curriculum meets NGSS and Arizona state requirements — and supports students heading into state assessments.
